## Progression Pathways

The following information is provided to assist candidates plan their progression through the Chartered Accountants Program:

### Module progression requirements:

- > Candidates may only enrol in one module per term at a time.
- > Enrolments are applications only. Enrolment will only be confirmed once the Institute has confirmed a candidate's eligibility to undertake a module. If a candidate is found to be ineligible, 100% of module fees will be refunded. Please note that the late enrolment fee is non-refundable.
- > Candidates must submit their enrolment application and all required documents by the published enrolment or late enrolment close date.
- > There is no pre-requisite order for the technical modules – they can be studied in any order and regardless of performance in prior technical modules.
- > Candidates must complete Ethics & Business Application (EBA) as their final module.
- > Candidates must have sat their final technical module exam before the commencement date of their chosen EBA module.
- > Candidates sitting the supplementary exam for their final technical module must wait to receive their supplementary exam results to confirm eligibility before they can enrol in an EBA module.
- > Where candidates' final technical module results are released BEFORE the enrolment close date of their chosen EBA module, they should wait to receive these results to confirm their eligibility before enrolling.
- > Where candidates' final technical module results are released AFTER the enrolment close date of their chosen EBA module, they should proceed with their enrolment by the close date. If they are subsequently unsuccessful in their final technical module results, candidates will be automatically discontinued from EBA with a full refund of module fees less an administration charge. Please note that the late enrolment fee is non-refundable.
- > Where candidates' EBA results are released BEFORE the enrolment close date of the next EBA module, they should wait to receive these results to confirm if they need to repeat before enrolling.
- > Where candidates' EBA results are released AFTER the enrolment close date of the next EBA module, and they wish to backstop enrol (just in case they are not successful in their recent attempt) they should proceed to enrol by the published enrolment close date. In this case, candidates who subsequently pass their prior EBA module will be automatically discontinued from their current EBA module and issued a refund of their full module fee. Please note that the late enrolment fee is non-refundable.
