

# Succession Planning Toolkit

The Succession Planning Toolkit is a unique planning resource for accounting practitioners.

The product is designed to help accountants to address succession planning in a constructive, positive and non-threatening way.

The toolkit will guide you through preparing an effective practice succession plan and examine why, particularly for sole practitioners, it is so important to look ahead to an orderly exit.

- Comprehensive step-by-step strategies for maximising the profitability of your practice now so you can increase its value for future succession
- Three modules of real-world guidance – Getting Started, Getting Ready, Making Your Move – and comprehensive case studies
- Self-assessment checklists and planning forms – with useful Word templates on CD-ROM that can be customised to meet your particular circumstances
