Giving candidates an extra boost to their studies
CA Study Masterclass
Here's why 1 in 4 candidates in the Chartered Accountants Program choose CA Study Masterclass as their optional study support.
Choose the best study support to lift candidate performance

CA Study Masterclass offers additional optional study support to candidates in the Chartered Accountants Program and is the only study support developed and endorsed by Chartered Accountants Australia and New Zealand. CA Study Masterclass complements learning in the Chartered Accountants Program with a series of timely face to face and online workshops delivered by expert facilitators during each module term.

Available for all modules of the Chartered Accountants Program, both the face to face and online workshops will provide candidates with the opportunity to consolidate their understanding of key module concepts, and improve their exam preparation and techniques through group activities, practical examples, practice assessment questions and exam style questions.

Why CA Study Masterclass is the best way to boost candidates' studies

- Both face to face and online workshops are delivered by expert facilitators who are Chartered Accountants themselves and who have extensive industry knowledge, as well as plenty of exam marking experience in the Chartered Accountants Program
- The workshops will assist candidates in building a well referenced critical file that's invaluable to their learning in the Chartered Accountants Program and to their exam preparation
- Each candidate receives a take home pack, including exam style questions, study aids, exam preparation questions and suggested solutions
- The workshops are aligned with the Chartered Accountants Program schedule and are generally run one week before the online assessments and two weeks prior to the final exam
- Each class is restricted to small class sizes. This provides a study environment that’s not only supportive, but also encourages participation. Face to face workshops are capped at around 25 candidates, and online events at around 40 candidates
- Learning as a group gives candidates the chance to work and study together as well as providing the opportunity for valuable networking time.
Register today

WHEN AND WHERE?
Candidates can attend face to face workshops at convenient CBD locations in Sydney, Melbourne, Adelaide, Canberra, Brisbane and Perth. Evening workshops are scheduled on weekdays. The intensive one-day exam preparation workshop is available on Fridays or the weekend. Our CA Study Masterclass Online workshops are generally held on a Monday evening.
“CA Masterclass helped me stay on track with the fast pace schedule and provided me with great study materials, but most importantly invaluable CA exam techniques. The extra support CA Masterclass provides definitely helped me achieve such a great result.”

**Eric Piotrowski** – Merit Candidate
Moore Stephens

“I would definitely recommend Masterclass to better understand the key aspects of the module and practically apply the content that was covered. It was a great opportunity to discuss concepts that can at times be complicated.”

**Leah Sammut** – Merit Candidate
Grant Thornton

“I would definitely recommend Masterclass to other candidates. It’s a great learning environment and a place to network and share your experience as a candidate.”

**Rebecca Viant**
